

## TECHNICAL DETAILS

design J. Bennett & G. Ingignoli

backrest	in cold-foamed polyurethane, flexible (65 kg/m <sup>3</sup> ), fire-retardant, CFC-free, with steel insert. Available in a medium version.
seat	beech plywood seat, 12 mm thick (FSC certified) with riveted threaded inserts; padding made of fire-retardant, cold-foamed, injected, CFC-free, flexible polyurethane.
armrests	pressure die-cast <u>aluminium</u> armrests, closed type, trapezoidal, linked to the backrest. Aluminium parts are available with a polished or black painted finish.
device	<u>automatic return device</u> (180° right - 180° left rotation) for swivel seat with base on glides. This device allows the chair to return automatically to the initial position.

harmonic tilting device that allows slight oscillation of the chair. Oscillation angles 7° backwards, 4° forwards. Seat starting position: 3° backwards. A gas lift-only version is available, which allows an excursion of 11 cm.

base	5-star base on glides. Available in polished and black aluminium finish.
------	--

ergonomics

Bia is equipped with the necessary mechanisms for proper and comfortable use, even for prolonged periods, as long as the following conditions are met: the standard sitting position requires maintaining angles of 90° between torso and thigh, between thigh and leg, and between leg and foot. These last two angles are essential so that the foot, resting completely on the surface below, discharges part of the weight of the lower limb onto it, preventing excessive compression on the back thigh surface and promoting blood circulation to the heart.
