

CLASSE 2

EM 204 - Meeting chair

FREZZA

TECHNICAL DETAILS

unibody	with fire-retardant, cold-moulded polyurethane foam padding covered with fabric, eco-leather or leather. Internal steel frame made up of side and cross elements joined together to support the elastic straps. The unibody is available with a high and medium backrest.
armrests	in <u>die-cast aluminium</u> with an armrest upholstered to match the seat. The aluminium parts can be in a polished finish, or painted black or white.
fork support	in die-cast aluminium, in polished finish or painted black or white.
high adjustment	by gas lift, allows an excursion of 8 cm.

base	<u>5-star base</u> in polished aluminium or white or black epoxy powder-coated. Self-locking, dual-tread, rubbered, swivel castors (Ø 60 mm for polished base, Ø 65 mm for white or black painted base).
------	--

ergonomics	Classe 2 is equipped with the necessary mechanisms for correct and comfortable use, even for prolonged periods, provided that the following conditions are met: the standard sitting position requires the maintenance of angles of 90° between the torso and thigh, between the thigh and leg and between the leg and foot. These last two angles are essential so that the foot, resting completely on the underlying surface, can unload part of the weight of the lower limb onto it, avoiding excessive compression on the posterior surface of the thigh and favouring the return of the blood circulating in the leg veins towards the heart.
