

KEY

Key - executive chair

FREZZA

TECHNICAL DETAILS

unibody	fire-retardant, CFC-free cold-moulded polyurethane foam padding, with steel insert. Finished with horizontal stitching. Available with high and medium backrest.
armrests	- in cold-foamed <u>polyurethane</u> , completely upholstered. - <u>in aluminium</u> with upholstered elbow-rests in the same colour as the seat.
device	<u>tilting device lockable in 4 positions</u> , with lateral adjustment of the backrest resistance in relation to the user's weight. The device allows to change the user's position while maintaining the proper trunk/thigh angle. A soft release system allows the user to control the movement of the backrest when released. The device is covered by a polished finish casing for a touch of elegance.

height adjustment	with gas lift system, which allows a 7 cm excursion.
base	<u>5-star base</u> in polished aluminium or black epoxy powder coating. Self-locking, dual-tread, rubbered swivel castors (Ø 60 mm for polished base, Ø 65 mm for black painted base).

ergonomics

Key is equipped with the necessary mechanisms for proper and comfortable use, even for prolonged periods, as long as the following conditions are met: the standard sitting position requires maintaining angles of 90° between torso and thigh, between thigh and leg, and between leg and foot. These last two angles are essential so that the foot, resting completely on the surface below, discharges part of the weight of the lower limb onto it, preventing excessive compression on the back thigh surface and promoting blood circulation to the heart.

base finishes

-  Polished aluminium
-  Black Aluminium
