R	🔥 Extrema Au

🔥 Fire resistance

Seating system for conferences, theatres and auditoriums.

The technology and parts used to manufacture this chair allow them to be fully modified and customized. Adjustable spacing (from 52 to 58 cm for the version without writing tablet; 55 to 58 cm for the version with writing tablet).

Seat and backrest with plywood internal structure and flame-retardant, CFC-free polyurethane foam padding, with soft ergonomic qualities.

The seat foldaway action operates on a counterweight steel pivot system. The seats rotate on guiding tracks.

Sides: internal structure in plywood with polyurethane foam padding.

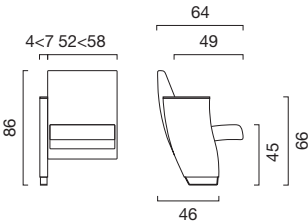

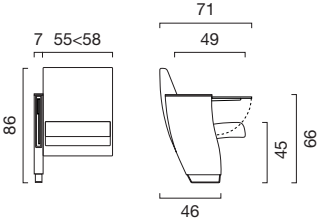

Fabric or faux leather upholstery.

Black varnished steel base for fixing the seats to the floor.

Prima can be fitted with a beech plywood writing tablet, with a black double-laminate coating and anti-panic retraction system.

Certifications

- Class 1 IM approval by the Italian Ministry of the Interior (with upholstery in Trevira CS and Skill)
