

## TECHNICAL DATA

Marco Zito

structure	<u>leg</u> : shaped in die-cast aluminium with an epoxy powder-coated embossed finish. The upper part is fitted with an insert for attachment to the front profiles. The leg is equipped with an adjustable polyethylene coated metal foot allowing +10 mm adjustment for floor levelling.
	<u>perimeter frame</u> : made of epoxy powder-coated extruded aluminium with an embossed finish, equipped with an internal groove for fixing the leg insert. The supporting beams, arranged along the depth, are fixed to the front frame with barrels and grains. Profiles and beams are provided with a groove on the inside for the possible attachment of accessories.
top	<u>melamine</u> : made of 18-mm thick chipboard (density 720 kg/m <sup>3</sup> , formaldehyde emission compliant with EU Regulation 2023/1464 and EPA TSCA Title VI), faced with anti-reflex melamine resins and edged with ABS (2 mm thick with rounded edges). The top is assembled to the structure by means of galvanised brackets fixed to the top with metric screws and to the beams of the structure with screws and hammer nuts. Total coffee table height: 15"3/8.  <u>etched and painted glass</u> : 10 mm thick, toughened in accordance with EN 12150 with flat edges with polished edges, acid-etched on the upper side and painted with water-based paints on the lower side (if the painting is white or dove-coloured, extraclear glass is used) and fitted with steel studs with threaded holes glued to the underside. The top is assembled to the structure by means of galvanised brackets fixed to the top with metric screws and to the beams of the structure with screws and hammer nuts. Total coffee table height: 15".

#### **OPTIONALS**

fabric vertical cable duct – zip closure	polyester vertical cable duct with zip closure. Provides complete protection against flames and abrasions. Maximum wiring dimensions 3/4", available in two colours: grey, black. Dimensions: H. 29"1/2
electrification	the desk can be equipped with the following electrification: VERSADOT (please refer to the electrification section for more specifications).
