Meeting table with
round top

FREZA

TECHNICAL DATA

structure	the structure consists of 4 legs joined together by means of one 3"1/2 x 3"1/2 square steel tube. All metal parts are epoxy powder coated with an embossed finish.																																				
leg	consisting of a 2 mm thick metal profile with a rectangular cross-section W. 2"3/4 D. 1". The leg is fully welded and epoxy powder coated. The leg recesses from the edge of the table top by 7"1/2 for the Ø 55"1/8 meeting table and by 11"3/8 for the Ø 63" meeting table, to ensure adequate space for seating in any position. The leg is equipped with plastic adjustment feet that allow +10 mm adjustment for levelling.																																				
top	<u>melamine</u> : made of 18 mm thick chipboard (density 720 kg/m ³ , formaldehyde emission compliant with EU Regulation 2023/1464 and EPA TSCA Title VI), faced with anti-reflex melamine resins and edged with ABS (2 mm thick with rounded edges). The top has threaded bushes on the lower side and is attached to the legs with screws. On the upper side of each leg there are two PVC spacers (H. 1"4) to support the top. <u>painted glass</u> : 12 mm thick, toughened in accordance with EN 12150 with flat polished edges, painted with water-based colours on the underside. For the white and dove-grey finishes the glass is extra-clear, for the black finish the glass is float. The top has studs and is attached to the legs with screws. <u>etched painted glass</u> : 12 mm thick, tempered in accordance with EN 12150 with flat polished edges, acid-etched on the top side and painted with water-based colours on the underside. For the white and dove-grey finishes the glass is extra-clear, for the black finish the glass is float. The top has studs and is attached to the legs with screws.
